

new! adventure series

Adventure Series delivers an affordable modular system with maximum play value in a sleek contemporary design. Kids will enjoy moving from one activity to the next including climbing, balancing and coordination challenges – you'll enjoy a budget-friendly playstructure.

- Inspired by multi-component ropes courses for a healthy mix of physical activity and functionally linked play
- A variety of materials including rope, steel and sheet plastic provide children with a broad tactile experience
- Ground-based play events introduce motion and challenge, yet keep activities close to the ground to minimize falls
- Incorporates some of kids' most-liked activities – rock climbing, ropes and slides
