

INTRODUCING  
**PlayTuff®**

Advancing the  
**POWER OF PLAY**

## PLAY PERFECTED

**Design** - PLAYTIME sees design as strategy in action, focused on results. Our in-house design experts have extensive experience working with landscape architects and outdoor environments. We have designed projects of all themes and styles - with realistic, natural looking attributes; abstract shapes and stylized objects; or whimsical, brightly colored creatures with animated features.

**Active Play** - Children need regular, vigorous, physical activity to develop and grow properly. PLAYTIME's inventive outdoor play elements provide activities that incorporate many different skills through a variety of forms within safe, stimulating environments.

**Safety** - PlayTUFF® outdoor play products are made of extremely durable, UV-stable and fade resistant materials that withstand daily wear and tear while maintaining its easy-to-clean qualities. This product meets all product requirements of ASTM F-1487 - Standard Consumer Safety Performance Specification for Playground Equipment for Public Use and CPSC.

PlayTUFF provides a fun, durable and versatile way to add a theme to your outdoor play system. Easy to clean and maintain, the Glass Fiber Reinforced Polymer (GFRP) construction is very strong - able to withstand more than two tons of pressure per square inch. Each component is hand painted and the vibrant colors are UV stable and fade resistant. All PlayTUFF products are designed to meet or exceed applicable ATSM and CPSC Playground Safety Standards and to comply with applicable DOJ ADA regulations

- Creative way to theme your play area and create imaginative outdoor play
- Renovate current playground systems with innovative elements that are functional and aesthetically pleasing
- Hand sculpted from glass reinforced polymer (GFRP) and individually painted to create an unmatched visual experience
- Easy to install, in-ground or surface mounted - light weight, no concrete pad or heavy equipment necessary
